

Treating animals is your passion.
Providing quality veterinary products is ours.

Eco-Friendly Products

Switch to our biodegradable products for an eco-friendly and sustainable practice that reduces carbon emissions and plastic waste.

Biodegradable Gloves

- Proven to biodegrade based on ASTM D5526 (simulating landfill condition)
- FDA (510k) Approved
- 90% degradation in 490 days (only in specific conditions found in landfills)
- Will not degrade during use
- Maintains same properties and shelf life as standard nitrile gloves
- Supports sustainability for a greener environment
- Chemo drug lab tested as per ASTM D6978-05

Biodegradable Vials

FDA & USDA approved, BPI Certified, non-scratch, PLA vials with the same look and feel as plastic but are 100% derived from plant sources. Breaks down in 3-6 months after exposure to the elements with zero toxicity. Includes a child-resistant cap that is also biodegradable.

Biodegradable Dog Poop Bags - NEW!

- Biodegradable: Reduce waste and support the environment
- Odor Resistant: Contains odor blocking formula
- Durable and Leak-Proof: Designed for easy, worry-free cleanup
- Size: 8 large 9 x 13" bags
