Committed to having products you need

Personalized & dedicated service

My name is Amber Horstmeyer, and I am your Midwest Veterinary Equipment Representative. I am excited to be working with you. Midwest has been a full-line, nationwide, family-owned veterinary distributor since 1961.

My passion for animals was developed early on when I was involved in 4-H, showing cattle and sheep. I graduated from UW-Platteville with a Bachelor of Science in Animal Science with an emphasis in agriculture business. While in college, I worked as a veterinary technician assistant. After college, I moved to Nebraska and worked on a feedlot for a couple of years. I moved back to Wisconsin and bred cows until moving to Montana to work with the bulls. I moved back to Wisconsin again, found Midwest Vet Supply, and have called this 'home' for the past two years.

In my spare time, I enjoy being outside with my dog Skeeter, going hiking, kayaking, still trying to learn how to snowboard, traveling, riding horses, and just this year, my boyfriend and I purchased a camper, so we will be getting some camping in this summer!

I look forward to our partnership and being a valued resource for you and your practice. Please feel free to contact me with any questions!

Sincerely,

**Amber Horstmeyer**
