Blair Stevens

Outside Sales Equine Specialist
New York, New Jersey, Connecticut

Hello,

My name is Blair Stevens and I am excited to be working with you as your Outside Equine Sales Representative with Midwest Veterinary Supply!

I am originally a New York native to Westchester County where I spent most of my childhood fox hunting and showing hunters and jumpers on the "A" circuit. With a strong love and interest in horses, I graduated from William Woods University (MO) with a Bachelor of Science in Equestrian Studies and Business, leading me to work as an assistant trainer and barn manager in the Cincinnati and Philadelphia areas.

My love for the horse brought me back to the Northeast in 2016 by joining a well-established Equine Hospital and Ambulatory practice, enabling me to continue my education by graduating from a NAVTA accredited school as a Certified Veterinary Technician in 2018. After assisting as an equine ambulatory technician, I shifted into the position of Pharmacy Lead and Inventory Manager in the spring of 2020.

In my spare time, I enjoy being outside, whether that is hiking with my husband and dogs Dixie and Pabst, or working in the garden. You can also catch me in the kitchen cooking up a new dish to enjoy with family and friends.

Midwest Veterinary Supply is a family and employee-owned veterinary distributor that represents high quality products from industry leaders. We understand the needs of equine practitioners and are happy to extend a hand as a dependable partner with a broad portfolio of services and tools to create successful, profitable practices.

Please reach out at any time as my cell and email are below. I look forward to connecting with you!

Warmest Regards,

Blair Stevens
