

Hello,

My name is Steph Rzeplinski and I'm very excited to be working with you as your Outside Sales Equine Specialist with Midwest Veterinary Supply! Midwest is a full-line, family and employee-owned veterinary supply distributor and has been a part of the veterinary industry for 60 years.

Residing just outside Hershey, Pennsylvania, I grew up on a horse farm, so I've never known a life without horses. I own four horses and actively compete in barrel racing all over with my dogs in the truck and my horses on the trailer.

I have a degree in both Equine Science and Business Management. I started at Midwest as an inside sales rep for a year and previously worked for a veterinary manufacturer for five years before coming to Midwest. Prior to joining the animal health industry, I worked on numerous horse farms across the country from training reining horses to reproductive services on breeds such as Paints, Thoroughbreds & Standardbreds, giving me a wide variety of experience and working knowledge of the equine industry.

Outside of work, I enjoy the great outdoors and am an avid skier and huge hockey fan (Go Caps!). I look forward to building a working relationship with you as your Midwest Outside Sales Rep along with serving as a resource for excellent customer service, high-quality products, and competitive prices. I hope to talk with you soon!

Sincerely,

Steph Rzeplinski
