MIDWEST EQUIPMENT

**WE'RE MORE THAN A DISTRIBUTOR,  
WE'RE A PARTNER.**

Amber Oehler

*Equipment Sales Associate, Equine Specialist*

I am excited to be your knowledgeable resource as your dedicated Equipment Specialist for the Southeast Region. Though I cover the lower South-East, I am based out of Midwest's Wisconsin branch (where I have lived my entire life).

I grew up on a game farm and have experience with horses, dogs, cats, hamsters, turkeys, pheasants, quail, rabbits, and ferrets. I spent a few summers up north on the family farm bailing hay and assisting with cows, but my true passion is horses! I am that classic horse-crazy girl who never grew out of it.

I have a bachelor's degree in Animal Science with an Equine Emphasis and a Chemistry minor. My lifelong dream is to become an Equine Veterinarian and assist with wildlife rehab. Having horses (and various other animals) has exposed me to many medical issues that I was able to tackle hands on and be involved with. I love every second of it (outside of my injured animals)! I am a true nerd and never want to stop learning about medicine and the veterinary world.

My husband and I currently share five horses and one dog. We both enjoy being outside and try to get out and about as much as possible, whether for a walk, horse ride in the woods or even something as simple as a picnic. I have many hobbies that range from horse riding to various arts and crafts projects to playing games (board games, video games, tabletop RPGs, etc). We always have something to do and never have a dull moment.

I look forward to our partnership and assisting you and your practice. Please feel free to contact me with any questions!

Sincerely,

**Amber Oehler**
