To qualify for the American Regent Animal Health (ARAH) Clinic Program, the veterinary practice must be newly established and open for less than six (6) months. It must not have an existing account with ARAH, and must be owned by or operate under the supervision of a licensed veterinarian with established doctor-patient relationships. The practice must not be a satellite location or affiliated with an existing veterinary clinic, and it must operate as a physical veterinary facility. Registration information must be provided to confirm eligibility. All purchases under the ARAH New Practice Program must be made on a single invoice, and orders must be placed through an authorized ARAH distributor or Territory Manager. Free goods are limited to 3 free Adequan Canine boxes per new clinic and is not valid for purchases of Adequan i.m.[®] (polysulfated glycosaminoglycan) Equine products.
