

MICROCHIP SHELTER PACK

The Datamars Shelter Pack contains the popular, original ergonomic “No Return Click System” implanting syringe. All have prepaid registration for the lifetime of the pet included in the shelter price.

The Shelter Pack contains 100 pre-loaded sterile syringe/chip combinations, 100 collar tags, 100 wallet ID cards, 100 client brochures and 100 Petlink registration aids. The Shelter Packs shipper contains 4 boxes each containing 25 chips, collar tags, ID cards, brochures and registration aids to allow for more convenient storage in the shelter.
