**\*Return Goods Policy**

This Return Goods Policy only applies to products that are ordered and received directly from Dechra (as opposed to another Authorized Party). For any products ordered and received from another Authorized Party, such products may be returned to the Authorized Party in accordance with the Distributor's written agreement with such Authorized Party.

All non-FDA approved product returns require Dechra's prior written approval in each instance, as evidenced by the issuance of a Returned Goods Authorization. Dechra's approval may be withheld, conditioned or delayed in Dechra's sole and absolute discretion. If requested by the Wholesaler/Distributor, Dechra will issue a credit or provide replacement product for expired products that are up to three (3) months past their expiration date. Products will not be returnable if they are: (a) greater than three (3) months past their expiration date; or (b) sold on a non-returnable basis.

All FDA approved products are not eligible to be returned. Dechra strives to ensure that all products arrive with greater than 12 months dating. If FDA approved product arrives with less than 12 months dating, please let us know for consideration in waiving the no return policy.

Products (non-FDA approved and FDA approved) that have been damaged in transit can be returned for credit. We request that Distributors/Wholesalers notify Dechra within 3 business days of receipt. Additionally, the damage must be noted on the transportation provider's bill of lading by the Distributor/Wholesaler. We may request the Wholesaler/Distributor to provide pictures in support of Dechra's pursuit of a freight claim.
