PRODUCT HIGHLIGHTS

Syringes

Everyday performance. Reliable value.

- Smooth, consistent plunger action for controlled draw and delivery
- Clear, easy-to-read markings for accurate dosing
- Secure luer lock and luer slip options
- Multiple sizes to support a variety of applications
- Designed for efficiency in high-volume clinical settings

Dependable syringes your team can use every day without second guessing quality or cost.

Hard Syringes

Soft Syringes

Probiotic Supplements

Digestive support you can rely on.

- Supports normal appetite and stool consistency
- Helps balance intestinal microflora for overall wellbeing
- Ideal during stress: diet changes, travel, kenneling, or medications
- Contains four strains of beneficial, naturally occurring microorganisms
- Includes *Lactobacillus acidophilus*, *L. plantarum*, and *L. casei*
- Fortified with key vitamins, minerals, and chelated amino acids for better absorption
- Made in the USA
- Formulated for both cats and dogs

A simple, effective way to support digestive health in everyday practice.

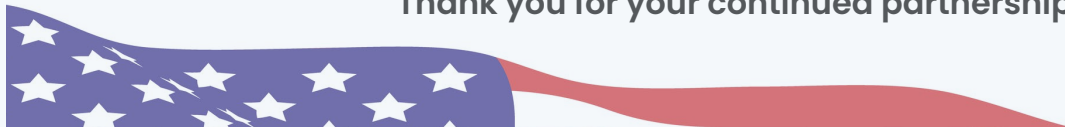

Memorial Day Closure Reminder

In observance of Memorial Day, Midwest Veterinary Supply will be closed on Monday May 25th.

To avoid delays in receiving your orders, we recommend placing them early and planning ahead for your clinic's needs.

Thank you for your continued partnership.
