

Join the growing list of vets switching to **PetLink™**

The revolutionary PetLink SLIM polymer microchip is the world's most popular microchip for dogs, cats, horses and other pets. It's a smaller microchip that does not compromise read distance.

PetLink SLIM benefits

- Free Lifetime Registration
- Free collar tag, key ring card & wallet card for pet owners
- No subscription, annual or update fees

PetLink offers free staff trainings, free marketing support and excellent US based customer support. Ask your preferred distributor representative for more details.

COMPACT MAX+ benefits

- Equipped with Bluetooth capabilities for easy connectivity and data sharing
- Pairs with the Datamars Pet Scanner app for immediate microchip lookup in PetLink and AAHA
- Pocket-sized universal scanner with a reading distance up to 7.06 inches

Join now and enjoy to our New User* Special for 2026

Buy two (2) boxes of 25 PetLink SLIM microchips (50 total) and receive a **free** PetLink **COMPACT MAX+** Universal Scanner (\$249 value).

*New User Special valid through December 31st, 2026. A New User is classified as a client who has not purchased from PetLink in the last 18 months. Limit one (1) free scanner per practice.
