

Your Wound Care Essential

BetterCleanse™ Wound Care Gel

Next-generation wound cleanser

No-sting formula | Sustainable Green Chemistry
Ideal For Veterinary Practices and Shelters

Why It's Loved:

- Naturally occurring protection, formulated with HOCl, the same molecule your body produces to fight infection and heal wounds.
- Safe for all uses: non-toxic, non-irritating, and pH-balanced; safe on tissues, around eyes and mouths, and even if ingested.
- Made from salt, water, and electricity. Free from bleach, alcohol, or ammonia.
- Eliminates bacteria, viruses, fungi, and yeast while promoting tissue repair and reducing inflammation.
- Biodegradable, residue-free, and aligned with KVP's BetterGoods™ commitment to sustainability.

Ingredients

- Hypochlorous Acid (HOCl) - 0.05%
- Pure Water
- Organic Ethanoic Acid and other Natural Minerals - 99.95%

Directions

1. Clean the affected area
2. Apply an ample amount of the product on the area 1-4 times daily
3. May be covered with a sterile bandage
