Nicole McFarland
Equine Sales Field Specialist
Iowa

Hello,

My name is Nicole McFarland and I am very excited to be working with you as your outside Equine Specialist with Midwest Veterinary Supply. I may be new to you, but I am not new to Midwest. I have been with the company for 18 years. Midwest is a full-line, family and employee owned veterinary supply distributor that has been part of the veterinary industry for more than 60 years.

I have grown up my entire life in the Des Moines, Iowa area. Horses have been in my life since I started riding when I was four years old. I ride and compete in Hunter Jumpers when time allows with my off-the-track thoroughbred.

My degree is in Animal Science from Iowa State University. Throughout high school and college summers I worked for an equine veterinary practice at Prairie Meadows Racetrack. Following college, I traveled with the equine racetrack practice for a year before landing in the veterinary pharmaceutical industry. The nine years of working on the racetrack gave me a strong base of expertise in the equine field.

My family and I live just outside of the Des Moines area. We have two teenage girls that keep us very active at the basketball courts and barn. When we have time, we like to travel and enjoy camping, or should I say glamping!

Midwest and I are dedicated partners in your business. We understand what it takes to nurture and grow a business and offer value-added services to support you in achieving your practice goals. I look forward to providing you with exceptional customer service and helping you grow your practice.

Please feel free to reach out to me directly. I am available by text, phone or email listed below. I look forward to connecting with you soon!

Sincerely,

Nicole McFarland
