

PRO-TEC[®]

Hand Sanitizer

70% Ethyl Alcohol

FEATURES AND BENEFITS

- Helps reduce bacteria on the skin that could cause disease.
- Contains 70% v/v alcohol exceeding the FDA and WHO recommended minimum effective concentration by more than 10%.
- Thinner formulation for easier pouring and faster evaporation compared to leading commercial products.
- Contains a natural cellulose gelling agent instead of the synthetic carbomer gelling agent in many commercial products.
- Formulated with a humectant intended to seal skin against drying after repeated, frequent use.
